Product for cosmetic applications

DESCRIPTION

Opacifier product for cosmetic formulations.

Nonylphenol free.

INCI Name: Styrene acrylates copolymer / coco glucoside

*The composition breakdown is available in the General Statement

CHARACTERISTICS

Type of product	: Acrylic monomers and styrene based polymer in aqueous emulsion
Appearance	: White milky liquid
Ionic character	: Anionic
Density	: $\approx 1.04 \text{ g/m}^3$
pH	: 3.5 – 5
Viscosity	: < 100 cP
Percent Solids	: 41 – 43 %
Shelf life	: We recommend not keeping the product more than 12 months

Note: The parameters indicated here are not necessarily the specifications of the product. These will be agreed with each customer and will be part of the contract that must be respected for each batch supplied.

APPLICATION

- Opacifiers are applied in a wide variety of products, usually in formulations containing anionic surfactants, the majority of detergent and personal care products such as shampoos, bath gels and liquid soaps.
- Due to their high effectiveness, they are used at low concentrations between 0.1-1%. It can be added at any point of the formulation and, unlike classical opacifiers, it can be added directly to the formulation, without preparing a prior dilution.
- It is added to transparent or translucent cosmetic products to make them more impenetrable by light and radiation. It helps the final product to look better, so sometimes a dye is also added.

Consult our technical staff in case of any doubt.

BENEFITS

- It provides a creamy, dense and uniform texture effect.
- It provides an excellent stability to the formulated product.
- Stable in a wide range of pH (5-12) approx.

STORAGE AND DISTRIBUTION

- The product should be kept in a covered place, the container tightly closed, protected from sunlight and within the temperature range recommended in Section 7 of the Safety Data Sheet.
- Once the container is open, avoid contamination. Check the Material Safety Data Sheet.
- Take the habitual precautions when handling a chemical product. Avoid the product to contact with eyes, skin or clothes.
- There is a great variety of containers. Check with our Customer Service in order to choose the most convenient one.

REGULATORY

Consult our technical staff in case of any doubt.
